

“ A cut to penalty rates is a cut to our take-home pay that we can't afford and don't deserve. ”

TRACEY, A WEEKEND WORKER

This election, make
sure you **VOTE** to
Protect Penalty Rates

Put the Liberals last.

protectpenaltyrates.org.au

Protect Penalty Rates.

Hundreds of thousands of Australian workers rely on penalty rates to make ends meet. But now, business lobby groups and many Liberal MPs are trying to strip them away.

Penalty rates are compensation for working unsociable hours, and they're also often the only thing helping workers make ends meet. Cutting penalty rates for hundreds of thousands of our lowest paid workers will have a devastating impact on families right across the country.
